RE: Proceeding No. 15-149

Dear Chairman Wheeler,

The Lake Gogebic Area Chamber of Commerce (LGACC) is a regional business organization dedicated to saving businesses money and helping them generate new business in the Gogebic and Ontonagon Counties of the Upper Peninsula of Michigan. Our mission is to facilitate economic development through the support of existing business and the attraction of new businesses by providing business advocacy and offering membership services.

The LGACC is pleased to support Charter Communication's acquisition of Time Warner Cable and Bright House Networks. Charter operates locally in our region and their continued investment will help economic development and provide additional benefits to consumers.

Access to high-speed internet is critically important to businesses in our region. We need companies that will work with us to ensure the right investments are made. New Charter would be such a company and we ask the FCC to grant approval for this merger.

The LGACC would like to thank you in advance for considering our comments.

Sincerely,

Tim Long

President of the Lake Gogebic Area Chamber of Commerce
